

## We make birthday parties really fun for parents too!

Relax! Let us make your next birthday party a huge success. Our new all-inclusive party packages really do have it all, so you can just sit back and enjoy the memories.

We'll sweat the details from set up to clean up, including a party Funcierge, invitations, decorations, utensils, food, drink, the cake, candles and more.

Best of all, it's a Fun Factory party! So instead of "Pin the Tail on the Donkey," kids have access to over 100 arcade games and attractions such as go carts, laser tag, bowling and mini golf.
